## VIRTUAL SEMINAR

This virtual seminar is an engaging, productive, and fun learning experience facilitated by a Great Kids® Certified Trainer via our online learning platform, the Great Kids Academy.

The seminar is a **blended learning program** offering live instruction via webinar as well as independent study to reinforce and introduce effective communication and engagement concepts.

### Pre-Seminar

Each participant is required to complete the mandatory Orientation module (approximately 30 minutes) before the first training day. The orientation includes the necessary information for a successful seminar with access to a printable workbook and resources to use throughout the course.

### Seminar Features

- 1** This course consists of approximately 21 hours of learning content to be completed over three and a half days.
- 2** It is best practice to reserve 25 hours during the training week to allow for various learning styles of participants in the online learning portion of the course.
- 3** The seminar has a blended learning approach, including live webinars and independent online learning.
- 4** After the seminar, participants will receive a certificate noting they completed 21 hours of learning content.

### Equipment and Space Requirements

Access to a printer is suggested during the Orientation Module to print the seminar materials. A space to take notes is needed if the participant is unable to print the workbook. We recommend you also have general office supplies like a good pen and a notepad, scissors, clear tape, 1-2 highlighters, and post-it notes or page flags, which can be helpful but are not required.

#### Each participant should have:

- An **individual** internet connection that allows them to participate in a Zoom call, as well as a webcam, speakers, and microphone for connectivity and participation in the live webinar sessions.
- Their camera **on** throughout the training. It is recommended for participants to check in with their agency IT for general support in preparation for their participation in this virtual seminar.
- An area free of distractions, interruptions, and noise for live webinars.
