Seminar Features

- 1 This course consists of approximately 1 hour of individual online learning and 18 hours of virtual trainer-led instruction to be completed over three days.

- 3 The seminar has a blended learning approach, including live webinars and independent online learning.
- 4 After the seminar, participants will receive a certificate noting they completed 19 hours of learning content.
- 5 The course is for both new and seasoned supervisors, with opportunities to share and learn from the experiences of others.
